ABOUT AIYCA

# Rooted in Sydney
# Open to the World

Education exchange | Cultural collaboration | Youth leadership

The Australian International Youth Collaboration Association (AIYCA) is a not-for-profit association incorporated in New South Wales, connecting young people in Australia with the world through education exchange, cultural collaboration, study tours and youth leadership.

We create opportunities for young people from different countries and cultures to learn from each other, grow together and thrive — with the support of educators, families, businesses and community leaders across Sydney.

## FOUR PILLARS OF OUR WORK

01

### EDUCATION EXCHANGE

Connecting students and schools in Australia with peers around the world through exchange and learning programs.

02

### CULTURAL COLLABORATION

Cultural events and community partnerships that build lasting friendships across cultures.

03

### STUDY TOURS

Study tours that introduce young visitors to Sydney's leading universities, organisations and way of life.

04

### YOUTH LEADERSHIP

Leadership, public speaking and volunteering opportunities that help young people find their voice.

### CONNECT WITH AIYCA

Students • Educators • Families • Community Partners
